## Extra discount for diploma course for basic course students

We live in a dynamic era. Many people are feeling insecure and need inner stability and warmth. Shiatsu gives you that good feeling. As student you can experience this. Maybe you need to acquire more depth. Twice a year, the Shiatsu diploma course Level 1 begins in our school; a unique possibility to travel further in the wonderful world of Shiatsu. De N.S.K.S. offers our students a special price as encouragement.

### Our offer

Students who sign in before the end of the basic course for the first year, receive a price reduction for the diploma course according to the price they paid for the basic course. We also have a further reduction. If you bring a second person unknown to our school\*, then both of you receive € 100,- fee reduction. For full payment for the first year, one month before the diploma course starts, you receive € 45,- as a present! This means you can follow the first year at a generously reduced price.

### Practice your Shiatsu and get paid for it!

The cost of the diploma course is tax deductible. You win money back from your treatments! From the beginning of the first-year students may charge a small fee for their treatments. De school has built in recommendations for fees. You can get information from [www.shiatsu.nl](http://www.shiatsu.nl) (in Dutch but easy to find).

### Interested?

Are you interested? Fill in the Gift form below and send it, with your [registration form](#), to N.S.K.S., Stuyvesantstraat 24, 2593 GM, Den Haag.

We hope to welcome you to the diploma course! Bring your Gift form with you.

\* This offer is only valid if you bring a new student who is not registered as a student in our school.
