Extra discount for diploma course for Open Day visitors!

We live in a dynamic era. Many people are feeling insecure and need inner stability and warmth. Shiatsu gives you that good feeling. As student you can experience this. Maybe you need to acquire more depth. Twice a year, the Shiatsu diploma course Level 1 begins in our school; a unique possibility to travel further in the wonderful world of Shiatsu. De N.S.K.S. offers our students a special price as encouragement.

Our offer

On the Open Day, everyone who signs in for the first year, receives a price reduction for the diploma course of € 100,-. We also have a further reduction. If you bring a second person unknown to our school*, then both of you receive the € 100,- fee reduction. For full payment for the first year, one month before the diploma course starts, you receive € 45,- as a present! This means you can follow the first year at a generously reduced price.

Practice your Shiatsu and get paid for it!

The cost of the diploma course is tax deductible. You win money back from your treatments! From the beginning of the first year, students may charge a small fee for their treatments. De school has built in recommendations for fees. You can get information from www.shiatsu.nl/en/.
