

ALGEMENE VOORWAARDEN.

TOEVOEGING SECURITY OF ONLINE RECORDED LESSONS FOR STUDENTS OF THE NEDERLANDSE SCHOOL VOOR KLASSIEKE SHIATSU.

Article 10a addendum Zoom lessons

Zoom live recordings will be made of all lessons for the following reasons.

1. If a student is not able to attend a class for any reason, the student has the right to see and take the online lesson with correct email address and password which will be sent to the student. They may take the lesson, but they will not be able to download the Zoom video and will not be able to copy the Zoom video so that the lesson will remain private. The lesson will be available for a period of 7 days before it is deleted. There will be no opportunity to see the lesson more than once. If a student has missed the lesson through sickness or any other reason where the student cannot view the lesson within 7 days, they will have to apply for the missed lesson which will be uploaded again for 7 days and will be deleted again after the 7 days. In this way, the recorded lessons will be secure. We disclaim any responsibility where there has been a successful hacking attempt or a data leak on the server on which the recorded lesson has been uploaded. Taking the missed lesson will be considered as a completion of the lesson. There will be no refund of money paid for the lesson under any circumstances and no possibility of retaking the lesson live at some other time. These rules apply to all paid lessons including diploma courses, seminars and any other teaching or practise lessons that the school offers. Examinations will not be available online. This statement shall apply as long as the government declares that groups or limited groups are not allowed during the ongoing rules of the government until such time as the pandemic situation has been declared as finished and students may return to lessons in the school safely. In the event that the government reinstates the required rules for lockdowns blocking the permission to attend lessons live in the school, then the above rules for the school and its students, assistants and teachers will also be immediately reinstated. This system has already been tested by us and has been proved secure and private. Nobody will be able to watch the online lessons unless the above rules of security have been followed. To arrange this you should write an email to klassieke@shiatsu.nl. You will be informed when the lesson is available to you securely online. Telephone calls or use of social contact media for this arrangement is not allowed and will be ignored.
